## Buffet

When you opt for our buffet service, our food is presented in chafing dishes and your guests will serve themselves. This option is typically seen as the most informal and the most affordable. Buffet style service pricing is listed below.

## Family

Our family style service is becoming more popular as it is less formal than plated but more formal than buffet style. Our servers will bring your food to all of your guest tables on large platters. Your guests will then pass the platters amongst themselves. When considering this option, make sure the size of your tables relative to the size of your table decor allows for this style of service. Family style service is priced at \$8/per person and includes our basic white china.

## Plated

Considered the most formal dining style, a plated dinner will really wow your guests. Our kitchen staff will plate meals behind the scenes then our servers will bring dinner to each of your guests. You can have your guests choose between protein options or serve both proteins to each of your guests. If you have your guests choose, a detailed seating chart with selections is required. Plated style service is priced at \$10/per person and includes our upgraded china options.
